

Multifactor Authentication (MFA)

Estimated Time: 60 minutes

Objective: Research Multifactor Authentication apps and methods.

Description: An important skill needed in CyberSecurity is communication. You are asked by management to create a white paper to identify and compare three different types of MFA.

1. Describe MFA to someone without technical knowledge.
2. Describe why the company needs MFA.
3. Create a table that lists their various features.
4. Which of the tools would you recommend for a small business with 30 employees who use smartphones?
5. Why did you make this choice?

Please include the URL's you used to research this project.

Criteria	Meets Requirements	Needs Improvement	Incomplete
Content	The assignment clearly and comprehensively addresses all questions in the assignment. 25 points	The assignment partially addresses some or all questions in the assignment. 15 points	The assignment does not address the questions in the assignment. 0 points
Organization and Clarity	The assignment presents ideas in a clear manner and with strong organizational structure. The assignment includes appropriate content, coverage of facts, arguments, and conclusions. 20 points	The assignment presents ideas in a mostly clear manner and with some organizational structure. The assignment includes appropriate content, coverage of facts, arguments, and conclusions. 10 points	The assignment does not present ideas in a clear manner or with a strong organizational structure. The assignment includes some appropriate content, but coverage of facts, arguments, and conclusions are not logically related and consistent.

			0 points
Research	The assignment is based upon appropriate and adequate data collection and analysis of results from the activity or research from academically reliable sources. 10 points	The assignment is based upon adequate data collection and includes some analysis of results from the activity or research from academically reliable sources. 5 points	The assignment is not based upon appropriate data collection and includes no analysis of results from the activity or research from academically reliable sources. 0 points
Grammar and Spelling	The assignment has two or fewer grammatical and spelling errors. 5 points	The assignment has three to five grammatical and spelling errors. 3 points	The assignment has more than five grammatical and spelling errors, is incomplete, or is unintelligible. 0 points
